## Cohen's Lottery &amp; Exchange Office

HOC SIGNO FORTUNA.

BALTIMORE. FRIDAY. December 14th, 1821.

## State Lottery completed.

The 30th and last drawing of the grand STATE LOTTERY took place yesterday afternoon. The official list will be found on our fourth page.

In closing this Lottery we have to acknowledge the very extensive patronage received from our friends and the public in every part of the Union, and which enabled us to expedite the drawing and to complete the scheme in much less time than any Lottery of the same magnitude ever brought out in the United States. We have had also the satisfaction of distributing from our office almost the whole of the Capital prizes and the principal of them to distant adventurers:—The FORTY THOUSAND DOLLAR prize to a truly fortunate adventurer residing in Albemarle county, Virginia—the TEN THOUSAND DOLLAR prize sent per mail to Lancaster in the state of Ohio.—The FIVE THOUSAND DOLLAR prize which was sold in Shares was part owned by adventurers in the country; One half owned by a lady near Baltimore, One quarter by a merchant in Cincinnati, Ohio, &c. (The TWENTY THOUSAND DOLLAR prize was divided in Shares, and owned in the City of Baltimore)—Of the Twenty prizes of One Thousand Dollars each, we had the pleasure of distributing no less than SIXTEEN, and many of them also amongst our distant customers, whose orders will at all times meet with the same prompt and punctual attention as heretofore.

## Washington Monument Lottery.

In announcing to our customers and the public this Lottery, nothing more is necessary to cause a rapid sale of the Tickets. Patriotism as well as interest will prompt investments. The funds arising from this undertaking will be appropriated towards completing the noble Column now erecting in the city of Baltimore, to perpetuate the memory of the illustrious Hero and Statesman, the Father of his Country. In a pecuniary point of view alone, the inducements are highly encouraging—we refer to the scheme which is published at length on the 4th page of this day's Register. The principal prizes which are extremely brilliant are, viz.

<b>30,000 dollars</b>	<b>3,000 dollars</b>
<b>20,000 dollars</b>	<b>3,000 dollars</b>
<b>10,000 dollars</b>	<b>2,000 dollars</b>
<b>5,000 dollars</b>	<b>2,000 dollars</b>
<b>5,000 dollars</b>	<b>20 of \$1,000</b>

&c. &c. and not two blanks to a prize! To the early adventurer, the same advantage is given as was the case in the State Lottery, and which was so strongly approved; we mean, that of awarding a ten dollar prize to each of the first drawn three thousand blanks! thus giving the chance of drawing any of the prizes which may come during a considerable portion of the drawing, WITHOUT RISK.

Under every circumstance, the scheme is one of superior attraction. The Tickets are now only **Ten Dollars**, and shares in the same proportion.—ORDERS, enclosing the cash or prizes in the State Lottery post paid, will meet the most prompt attention, addressed to

J. I. COHEN, Jr.

Sec'y to the Managers—Baltimore.

Companies or individuals who purchase tickets or shares in the MONUMENT LOTTERY, at COHEN'S OFFICE to the amount of Fifty dollars, will be furnished gratis, during the drawing, with the "Register," which will contain the Managers' official account of all the Numbers, Blanks, and Prizes drawn each day, with a correct state of the wheel from time to time. This will enable distant adventurers at any time to know precisely the situation of their investments, and they will also thereby have the opportunity of observing the most favourable time for the renewal of such small prizes as they may draw.

## Latest Foreign Intelligence.

The ship Elizabeth, Capt. Seber arrived at New York from London on the 7th Inst. and has brought dates of that City to the 23rd of October. The papers being only two days later, contain but little news in addition to what has been before received. In Spain the prevailing fever had reached a most alarming height. The extracts below are the most important:

The King of England was still at Hanover, and had been ill of the gout. On his return, it was still expected that he would visit Paris; but at the latest dates, it was considered as very uncertain in the Austrian capital, whether the King would visit that place. The Prince of Esterhazy had commenced fitting up his palace in Hungary, for the reception of his majesty, but the latter having changed his travelling rout, the works have been suspended. This change was occasioned by the bad state of the roads from Dusseldorf to Osnabruck, which, at the period of his return, would, in the event of rain, render travelling impracticable. His carriage was overturned on the Munster route; no accident was the consequence. The King only intends making a stay of fifteen days at Hanover; at his departure, therefore, probably stop at Gottengen and Cassel. Nothing certain is known either with respect to the duration of his stay at Frankford, or the ulterior objects. It is however, supposed that he will go to Hamburg.

The daughter of Joseph Bonaparte had sailed from London for Philadelphia to join her father.

Spain.—The intelligence from Madrid is to the 8th of October, and from Barcelona to the 1st.

Every precaution is taken to prevent the introduction of the fever into the capital.—The strictest regulations are established at the gates to prevent any persons or effects entering the city, without the most accurate examination of their passports, &c.

It is also resolved to publish a regular statement of the deaths, &c. in the hospitals of Madrid, in order to counteract the reports which malice or credulity may spread.

The fever still rages to a great extent. The following is the Report of the fever, September 29, in Barcelona, Barcelonetta, and the hospital of the Seminary:—

Sept.	Remaining.	New Cases.	Cured.	Deaths.
25	400	120	13	76
26	431	118	26	62
27	461	69	13	62
28	455	of whom 114 are convalescent.		

The intelligence, from this afflicted place, through the French papers, is several days later. The ravages of the fever were such, that in three days (the 3d, 4th, and 5th October) 1000 persons died. Whole days were occupied in conveying away the dead bodies. Every house was a place of desolation and mourning. The authorities had decided, that the inhabitants of Barcelona should quit the

city to encamp in the vicinity. The children under the age of twelve, did not seem to feel the influence of the contagion; but the greater part of them, deprived of their parents, were in the most dreadful state of misery, and could only look to the government for support. The ravages of the disorder are still more dreadful at Tortosa, where almost all the men are dead. To add to the horror of the scene, provisions, it is stated, begin to fail at Barcelona.

A letter from on board the U. S. brig Spark, Capt. Elton, at St. Barts, Nov. 3rd, states that the piratical ship, which robbed the Orleans of Philadelphia, was then in that port. The crew of the pirate ran her into Five Island Harbour near St. Barts, and all but two of them deserted her after sending the cargo in a schr. to St. Thomas. The Swedish government took possession of the piratical ship and had her brought to St. Barts, and confined the two pirates found on board. Capt. Elton has requested the Swedish governor to let him bring those two pirates to America for trial.

On the 3d Inst. the General assembly of Virginia convened. In the Senate, Mr. William C. Holt was elected Speaker, and in the House of Delegates, Mr. Linn Banks. The General Court have refused to grant a writ of *Habeas Corpus* in the case of the three seamen, committed by a State Magistrate, under an act of Congress.

The Legislature of Tennessee adjourned on the 17th ult. having, among other transactions, passed an act to compel all the State Banks to make specie payments on or before the first of April, 1824—one to authorise the new State Bank to issue \$500,000 in change notes—acts establishing four new counties, and others of minor consequence.

The average amount of all the Promissory Notes and Bills of the Bank of England, which were in circulation during the quarter, ending the 10th day of October, 1821, is—20,703,980L 5s. 5d. sterling.

*Bankrupt Law.*—The New York Chamber of Commerce have appointed a committee to draft a memorial to Congress, praying for the passage of a bankrupt law. A meeting has been held at Salem, (M.) for the same purpose: and the citizens of New Haven, legally convened in town meeting, have requested the senators and representatives of Connecticut, in Congress, to endeavour to procure the passage of such law..

From statements laid before the legislature of Tennessee, it appears that the amount of specie in the State Bank of Nashville, is \$23,765, notes in circulation 247,329; Branch at Knoxville, specie, \$440, notes in circulation, \$90,140.

*New York, Dec. 10.*  
**VALUABLE ARRIVAL.**—We experience much satisfaction in announcing the safe arrival of the Imperial, from Havre. Her cargo is estimated at 900,000 dollars, and nearly 300,000 dollars insurance had been effected in this city. The offices at Paris, Bordeaux, and Havre were also full on her. A considerable sum remained uninsured, which, taking into view above all, the valuable lives on board, and the individual policies afloat, had excited uncommon interest as to her safety. We congratulate all parties on this acceptable arrival.—*N. Y. Gaz.*
